

Installation Guide

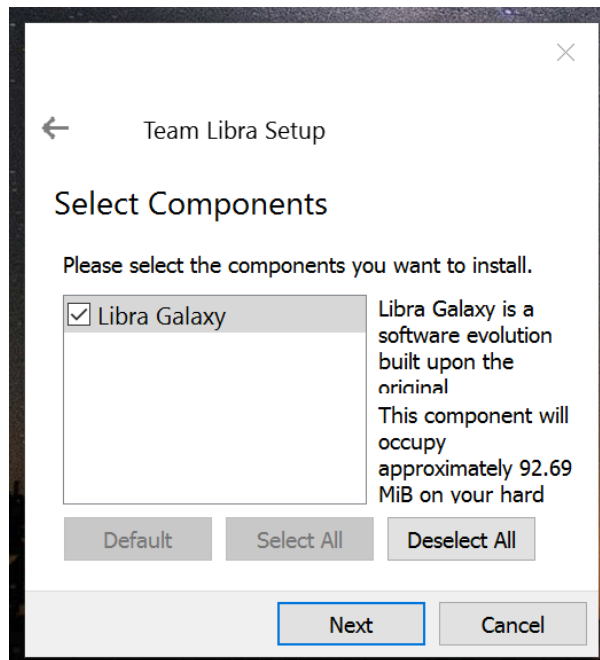

1. Run the .exe located in the Final Project Delivery Folder
2. You will now see this. Click Next to continue.

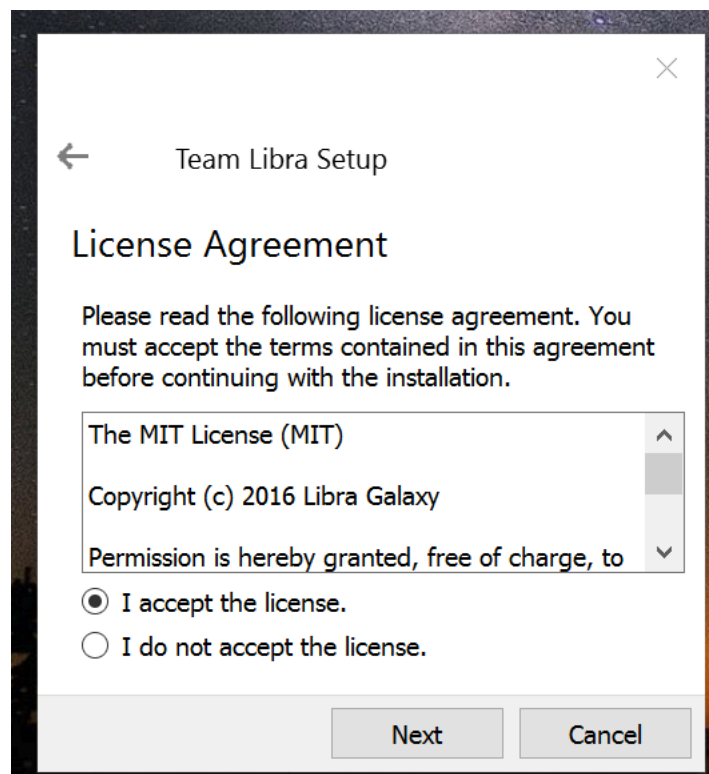

3. If you would like to change the installation folder, choose the path of the installation, else click Next.

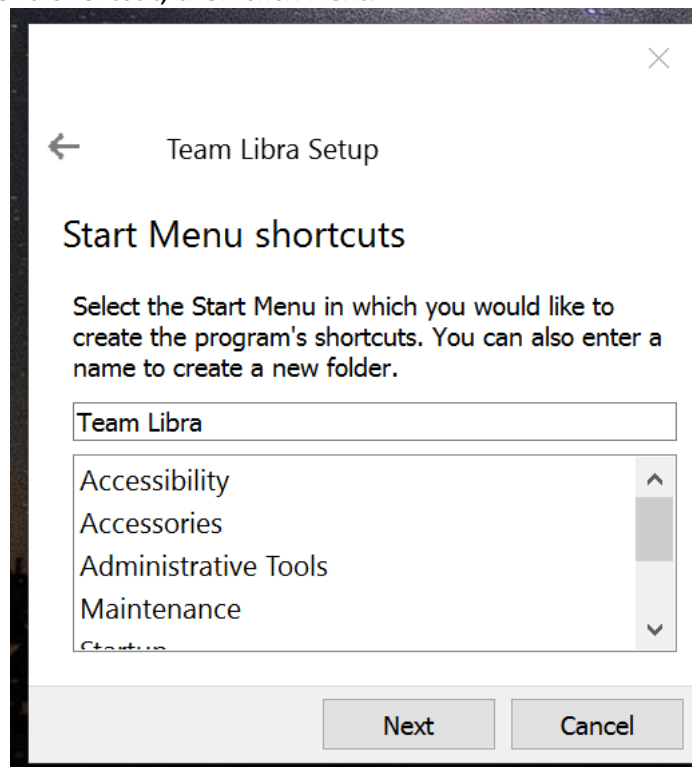

4. On this page there is some info about our program. Click Next when you have finished reading.

5. This page shows our licensing agreement. Please read it over and decide if you accept it or not. If you accept, please click Next.

6. Select the start menu shortcut, then click Next.

7. Click Install to finish!
